Hellenic Nursing and Rehabilitation Center

601 Sherman Street

Canton, Massachusetts 02021

As you begin your search for a nursing home for your loved one, you may be wondering. "How can I distinguish one nursing home from another?" We understand your anxiety and we'd like to help.

*the Hellenic
Difference*

Hellenic Nursing and Rehabilitation Center is an independent non-profit organization, dedicated to providing resident-focused, comprehensive health care services to individuals requiring restorative, long term and skilled nursing care within a safe, secure and caring environment. We aim to maximize the capabilities in physical, social and psychological functions of each resident entrusted in our care.

With our Dementia Care Team, we have a long-standing history of care for those with memory loss from Alzheimer's disease and other related dementias. We also offer short stay or post hospital care for individuals returning to community settings. Our Professional Rehab Team is experienced in physical, speech and occupational therapies, focused on recovery and restoration of independent daily living.

Celebrating over 45 years of excellence, The Hellenic is a 154-bed skilled-nursing facility, located on thirteen beautiful acres in Canton, MA. The home features private and semi-private rooms, cheerful sitting rooms, a spacious outdoor patio and much more.

*Our tradition
of excellence*

We will treat your loved one with dignity and respect.

We are professional in the way we provide care. Our staff is carefully selected, not only for their expertise, but also for their positive attitude, compassion and "person-centered" approach.

We will be communicating regularly with you, providing emotional support, information and compassionate guidance throughout your loved-one's stay with us.

We offer a warm, cheerful, positive atmosphere with opportunities for socialization, spiritual support, and activities structured to residents' interests and needs.

We will listen to you, encouraging your involvement in care planning and striving to keep you an active participant in the life of your loved one.

A Place to Call Home

Every day at The Hellenic is about making life as comfortable and home-like as possible.

We work hard to accommodate for individual preferences and lifestyles. We appreciate that residents may begin their days at different times, have their breakfast when they are ready, bathe when they wish, and choose to participate in daily group activities one day or pursue an independent interest another.

We offer attractive menu selections, prepared by our chefs. Our staff strives to offer variety and choice. They encourage resident and family suggestions, while bringing a distinct touch to meals for special occasions and theme parties.

LIFE

A Full Life

Our Activities program is important to the social, educational and physical needs of our residents. Activities are open to all residents and their families, providing a wonderful opportunity for multiple generations to enjoy each other. We host a variety of concerts and musical entertainment, monthly birthday parties, floral design classes, along with much more.

Residents are also encouraged to pursue individual activities, if they prefer. To support these activities, our staff provides the materials needed, volunteers to assist with instruction and a bit of companionship.

HOME

Quality Services

Our units are staffed by professional nurses and certified nursing assistants at all times. Our rehabilitation services support the clinical individual goals for each resident. We also encourage and support our team of caregivers to develop their skills. Advanced certifications in wound care, rehabilitation, dementia and memory loss care, infection prevention and others are pursued by our staff.

Dementia Care Services

Our Dementia Care Services Team brings a special blend of expertise and compassion to assist residents and their families dealing with the latter stages of Alzheimer’s disease and related dementia disorders.

Our Dementia Practitioners

- Trained to care for individuals who suffer from dementia and memory loss, our staff is prepared to deal with these residents’ unique needs.
- Care plans are developed for each resident to enhance functioning, accommodate personal preference and reduce symptoms.

Joint Commission International

The Joint Commission International (JCI) is a United States-based nonprofit tax-exempt 501 organization that accredits US health care organizations and programs, working to improve patient safety and quality of health care in the international community. Considered the gold standard in global health care, JCI promotes rigorous standards of care and provides solutions for achieving peak performance.

Accredited by Joint Commission International

Skilled Nursing

- Residents receive daily medical services to maintain good health and discover any concerns early.
- Each resident is assigned a primary Certified Nursing Assistant (CNA) who, through daily contact, develops an understanding of residents’ backgrounds, medical histories, personalities and other factors that influence care.
- Nurse practitioners are also an integral part of our Care Team and regular visits by them provide extra expertise to care planning.
